

Southampton to Deerfield (SHDF) Transmission Project Construction Notification

We are writing to inform you that the Southampton to Deerfield Transmission Project will be performing vault installation activities on **Willow Street, North Main Street** (north and south of CR39), and **North Sea Mecox Road** the week of **March 16, 2026**.

What You Can Expect:

- Location of Work:
 - **Willow Street**, between North Sea Road and North Main Street, splice vault 1
 - **North Main Street**, between Willow Street and North Sea Mecox Road, splice vaults 2 and 4.
 - **North Sea Mecox Road**, between Long Springs Road and David Whites Lane, splice vault 5.
- Work Hours:
 - The Project is permitted to work Monday through Saturday, 7:00 a.m. to 7:00 p.m.
- Construction Activities:
 - Vault Installation is anticipated to take approximately 3-6, depending on location, construction activities, and weather conditions.
- Traffic Management:
 - **Willow Street** will be periodically **closed to thru traffic** during work hours between North Sea Road and North Main Street for vault installation activities beginning on or about March 19.
 - **North Main Street** will be periodically **closed** during work hours between Willow Street and North Sea Mecox Road for vault installation activities.
 - **North Sea Mecox Road** will be periodically **closed to thru traffic** during work hours between Long Springs Road and David Whites Lane for vault installation activities.
 - The Project will coordinate closely with first responders to maintain a safe and effective flow of traffic around Project work areas and allow access for emergency services vehicles when needed.
 - Please reach out to the project at the contact information below if you have any concerns about access.
